Brandon Howard
ES&A Sign and Awning
1210 Oak Patch Rd.
Eugene, Or 97402

Dear Mr. Howard,

Subject: SGN07-00030, Museum Quality Framing Sign Permit

I have completed my first review of your sign permit application SGN07-00030 of one new sign for the Museum Quality Framing company located at 328 Park Place Center, Kirkland.

The total proposed sign area dimensions exceed the allowed area of 20 square feet under Master Sign Plan CZ-82-39 for the Park Place Center. Submit as a revision to the Building Department the following correction.

The sign area can exclude the non-illuminated background. Revise the sign plan to show the dimensions of the lettering only.

Please contact me if you have questions.

Sincerely,

Scott Guter, Planning Information Specialist
